

MORE SAFE BLOWING

Two Stores in Southern Ill. Burglarized Yesterday Morning.

A Safe Blown in Samoth, but the Burglars Were Promptly Frightened Away.

ORGANIZED GANG EVIDENTLY AT WORK

There seems to be an organized gang of safe blowers and burglars in Southern Illinois and Southwestern Kentucky, and two more raids were made yesterday morning early, one at Samoth and the other at New Columbia, Ill., a few miles across the river.

The thieves broke into the store of Nutty and Brown, who own establishments at both places, which are not far apart, and in the one at Samoth blew one door of the safe, but were frightened away before they could reach the money inside the other door.

They seem to have secured a quantity of goods, but how much could not be learned, as the proprietors did not know.

Marshal Crow received a telephone message yesterday morning early from Mr. Nutty asking for bloodhounds, but as there are none here he was disappointed. At the New Columbia store nothing except goods was taken.

It is believed that this is the same gang that blew a safe at Red Bud, a few miles from Metropolis, a few days ago and shot at the proprietor when he heard the explosion and went out to investigate.

It is also believed that they are the same ones who crossed the river and blew the safe at Lola, Livingston county, and secured about \$1,200.

The police here are on the lookout for all suspicious characters, but do not think that the safe blowers will come this way, their game seeming to be to work only the small places.

He says he will pay his respects to the municipal government of Paducah in his first evangelistic work.

IT WAS NOT ALLISON, EITHER

Mr. Ab H. Allison is in the city and says that his brother, Tom Allison, whom Coroner Peal thought was drowned off the Clyde Tuesday night is on that boat, as he carried him there himself. The name of the unfortunate will remain unknown until the remains are found in the river.

The difference between promising to do a thing and doing it is the difference between a New Year's resolution and Jan. 2.

TINKER CAUGHT

One of the Folsomdale Burglars Safe Behind Bars.

Tom Tinker Confessed and a Part of the Goods Recovered—Another at Large

Constable Peary of Boaz station Saturday night arrested Tom Tinker, white, for breaking into the Garton and Sellers stores at Folsomdale Friday night.

Tinker has acknowledged to having been one of the housebreakers, and says that Will Roberts, white, still at large, is his accomplice. Tinker has served two terms in the penitentiary, one from Hickman and the other from Graves county, for stealing bicycles. He seems to have a mania for stealing wheels, and when arrested had a new one which he claims he bought. He lives near Hickory, and has been out of the penitentiary several months. An investigation of the robbery led to the opening of several packages of goods left at the Boaz station by Tinker, and the contents proved to be some of the goods stolen.

Tinker was taken to Mayfield and lodged in the jail there. Marshal McNutt was called in to interview him, and found him to be Tinker although he had given a fictitious name when arrested. Marshal McNutt was in the city yesterday and last night looking for Roberts, but was unsuccessful in catching him. Tinker had been in Paducah all day Saturday.

T. P. A. AT PORTLAND.

DELEGATES FROM ALL OVER THE UNITED STATES ARE THERE.

Portland, Ore., June 2.—Nearly every state and territory of the Union is represented in today's arrivals for the national convention of the Travelers' Protective association. Every train brought its full quota of delegates and the national officers and local committees were kept busy attending to their reception. As fast as they arrived they were escorted to headquarters at the Portland hotel, where they were registered and assigned to quarters. Many of the delegates are accompanied by their wives, and it is estimated that the visitors will number several thousand when the convention is called to order tomorrow. For their entertainment elaborate arrangements have been made. The program includes concerts, receptions, carriage rides and side trips to Willamette Falls, the Columbia river salmon canneries and other places of interest.

YESTERDAY'S EXCURSIONS.

There was a small crowd to Golconda on the Dick Fowler yesterday but the excursion was a success. The best of order was maintained and the crowd was one of the best ever taken out of Paducah.

There was a large crowd on the Bettie Owen yesterday to Owen's Cave. The excursion was run by the Central Labor union and the union cleared a neat little sum.

THE SAME WAGES.

Ansonia, Conn., June 2.—Twenty-five hundred men are benefited by the reduced working schedule which went into effect today at the American Brass company and the Farrell Foundry and Machine company. MOODY CONFESSED

Postal Clerk Running Between Paducah and Evansville in Jail.

Charged With Extracting \$104 From a Letter Mailed at Lola, Ky May 9th.

HELD BY U. S. COMMISSIONER HERE

From Saturday's Daily.

Charles E. Moody, a postal clerk running on the steamer Joe Fowler between Paducah and Evansville, was yesterday arrested at his home in Shawneetown, Ill., by Postoffice Inspector Sherman C. Kile of Louisville, on a serious charge that will probably land him in the penitentiary.

Moody this morning was brought to the city and taken before U. S. Commissioner Armour Gardner for a preliminary trial. He confessed to taking \$104 from a registered letter, and was held to answer. The letter was mailed at Lola, Ky., and addressed to the postmaster at Evansville. It was placed upon the boat at Carrsville, Ky., on May 9th, when young Moody is supposed to have torn it open and extracted the contents. He failed to give the \$1,000 bond, and is in jail here. There are similar charges against him in Illinois, and he will have to appear before the federal authorities there next, as he is charged with having opened three letters addressed to persons in that state, the total amount alleged to have been taken from the three letters being \$120, \$60 from one, \$40 from another and \$20 from the last. The penalty for the offense is from one to five years' imprisonment in the state penitentiary. Moody is apparently only eighteen or twenty years old. He does not seem to realize the gravity of his offense.

ABOUT TUBERCULOSIS.

AMERICAN CONFERENCE BEGINS AT MAJESTIC HOTEL, NEW YORK.

New York, June 2.—The conference of the American Congress of Tuberculosis, which was postponed from last month, began its sessions today at the Hotel Majestic. There were present to take part in the discussions eminent physicians and surgeons, health authorities and other interested persons from nearly every part of the United States and Canada. The sessions are to continue three days, during which time the subject of the dread disease, its prevention and treatment, will be discussed from every point of view. Particular attention is to be paid to recent discoveries of so-called cures for the disease and also to the subject of government aid in the establishment and maintenance of institutions for scientific treatment.

Monument for Levi Coffin.

A movement is on foot in Indianapolis to erect a monument to Levi Coffin, who in the stirring times immediately preceding the civil war was at the head of the Indiana organization connected with the "underground railroad," through the medium of which hundreds of negroes escaped from slavery to the north. Mr. Coffin died near Cincinnati in 1877. While living in Newport he aided in the escape of Eliza Harris of "Uncle Tom's Cabin" fame.

NAVAL WEDDING.

New York, June 2.—Naval officers in brilliant uniform were conspicuous at the wedding of Miss Lillian Wick, daughter of the late Charles T. Wick, Wing, and Naval Constructor Lawrence York Spear, U.S.N. The ceremony was performed by Bishop Potter this afternoon at the home of the bride's mother in West Fifty-fifth street. The bride had her sister, Mrs. Mathias Nicoll, as her matron of honor, and the best man was Lieutenant William H. Buck, U.S.N., commander of President Roosevelt's yacht the Sylph. The ushers were Captain Sydney A. Olan, U. S. A.; Lieutenant Merriweather L. Walker, U. S. A.; Mr. Francis Drake Potter and Mr. Elijah Woodward. The bridegroom was until lately in charge of the construction of government vessels at the Nixon ship yards, being succeeded this week by Lieutenant Richmond P. Hobson. NOTHING EQUALS IT

MOST SUCCESSFUL FINANCIAL ENGAGEMENT IN NEW YORK'S HISTORY.

New York, May 31.—When the curtain falls at the Criterion Theatre tonight it will mark the close of what has been perhaps the most successful engagement financially in the theatrical history of New York. Since early last fall, when "Du Barry" made her bow to a New York audience, the theatre has been crowded at every performance, while seats could be obtained only two months in advance, unless the purchaser was willing to pay the exorbitant prices asked by ticket speculators. Despite the fact that interest in the piece has not abated a whit, Mrs. Leslie Carter is afraid that acting in warm weather may injure her health, and consequently has decided to end the wonderful run tonight. Mrs. Carter will rest until September, reviving the drama at the Republic theatre, when David Belasco assumes the management of that house.

DISTILLING COMPANY.

ARTICLES OF INCORPORATION FILED THIS MORNING.

Articles of incorporation of the "Paducah Distilleries Co." were this morning filed with the county clerk.

The capital stock is \$3,000, divided into thirty shares of \$100 per share. The incorporators are M. J. Friedman, president, who owns 24 shares; H. Friedman, secretary and treasurer, three shares and Ben J. Levy, of Sioux City, vice president, three shares.

The company was incorporated to engage in business of distilling and manufacturing whiskey and the buying, feeding and selling of cattle and hogs.

A great many people think that the position of magistrate is an insignificant one, but it is not. A prominent magistrate, in speaking of the importance of the office, said the other day:

"The office of magistrate is one of the most important offices in the county, although the public is rather inclined to look upon it just the reverse. As far as the financial returns of such an office are concerned it is an inferior one, paying little and in accordance with the case brought in for trial; but all the money in the county treasury is in the hands of the magistrates, and at their will they can place the county in a very embarrassing position. The handling of all the county funds lies with the board of magistrates, the fiscal court, and if the people should elect a board of unscrupulous magistrates, or one incapable of properly handling the business, she would soon be in a tight place and might go bankrupt. Since I have been on the finance committee of the board I have been enabled to see the whole thing and it is not an easy matter to handle the financial affairs of the county."

THE CHILD KILLED

Daughter of Rev. Snow, of Kirksey, Has Her Neck Broken.

Was Hanging on a Buggy When it Crushed Her Against a Tree Near the Road.

HER FATHER CANNOT BE LOCATED

From Saturday's Daily.

Ora, the 6-year-old daughter of Rev. C. L. Snow of Kirksey, Calloway county, Ky., was instantly killed last evening about 6 o'clock. The child and an older brother, who is 14, were playing with a buggy, and the little girl was hanging to the rear end of the vehicle, while the older brother was pushing it down a hill.

It seems that the buggy took a short cut, and leaving the road ran against a tree and caught the child between the rear end of the buggy and the tree and broke her neck, killing her instantly.

Rev. Snow, the child's father, is a noted Mormon evangelist, and is on his way to South Pittsburg, Tenn., and had not at last accounts been located by telegraph. He left home to be away until about October on the morning the child was killed, on a tour through North Carolina and other states.

SAILED FOR AFRICA.

A COMMISSION OF ENGINEERS SEEKING EXTENSION OF TRADE.

London, May 31.—By order of the colonial office a commission of engineers, experts in textiles, etc., sailed for South Africa today to investigate and report immediately on the requirements of that country under the new conditions and the prospects for the extension of British trade. The prompt action of the colonial office is believed to be the result of information recently received regarding the activity of American firms, chiefly engineering, electrical and mining concerns, who are preparing to dispatch heavy shipments to South Africa as soon as the cessation of hostilities is assured.

ANOTHER VERDICT.

S. KATZ CASE WENT AGAINST TRUSTEE JAS. A. RUDY AGAIN.

The case of Solomon Katz, of Nashville, against Mr. James A. Rudy, of Paducah, was decided again at Clinton Saturday in favor of the plaintiff, who was awarded a judgment for \$11,866.66.

The case has been an interesting one, and in event a new trial is refused will be taken to the court of appeals again. In 1899 Benjamin Katz of Clinton, filed a petition in bankruptcy at Paducah, and Mr. Rudy was elected trustee by the creditors. It was claimed that the bankrupt owned a stock of goods at Clinton and it was sold for about \$8,000 and the money retained for creditors, despite the protest of Solomon Katz, of Nashville, who claimed to own the stock. He brought suit and was awarded \$10,000, but the court of appeals reversed the case, and it was tried again last week.

Wheeler and Worten, of Paducah, represented the defendant and Judge Robertson, of Mayfield, the plaintiff.

the fireworks programs will these changes be most noticeable. The aquatic fireworks will be of unusual beauty and interest here, because of their rarity, nothing in that particular line of pyrotechnics ever having been exhibited in this city.

Those who think Paducah has an abundance of amusements already will perhaps be interested to know that arrangements were yesterday completed to bring an opera company here about July 1st for a several weeks' engagement. The project is not yet quite ripe, but the troupe is ready, and it will be placed neither at the park nor the Kentucky theatre, but at an entirely different place, giving us two stock companies and one opera to divert us during the summer evenings. If someone will just come along with a circus and a minstrel show and Buckskin Bill returns, our happiness ought to be complete.

The other day a resident of the county came to town, and among the things he saw that he had never seen before was a man who uses an ear trumpet. He didn't know what the thing was, but watching the man closely, he presently saw him unwind a tube from his neck and hand it to a friend he met, and then heard them talking together.

The young man finally turned to his companion, and pointing to the two men engaged in conversation, exclaimed: "Looky thar! Gol dinged ef these town fellers aint gettin' so blamed smart they carry their telephones around with 'em all the time!"

GIVEN TWELVE YEARS.

London, Ky., May 31.—The jury in the case of Ab Early, charged with the murder of Ed Jones, returned a verdict of guilty and fixed the punishment at twelve years in the penitentiary this morning. The murder occurred in September over a crap game.
